Health and Social Care Act 2008

## **Part 2**

### **Aims and objectives**

Please read the guidance document *Statement of purpose: Guidance for providers*.

**Aims and objectives**

*What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose*

We aim to offer the very best care and personal service you would expect from a family practitioner, along with a wide range of modern services.

It is our vision to provide a patient centred service with the emphasis on the "total patient experience". As a practice we continually question the way in which we provide services to ensure that we do not miss the opportunity to improve.

We are housed in a modern, purpose-built surgery, which combines a relaxed and welcoming waiting area with all the latest facilities for patient care. Wheelchair access is available throughout the building.
