

# WE NEED

## LOCAL PEOPLE HELPING LOCAL PEOPLE

To provide local residents with a door to door transport service for medical appointments. Whether they are for the Surgery, Hospital, Dentist, Optician, etc

With all the government cutbacks around it is vital to ensure your community's disruption is kept to a minimum. We need to

to help friends, neighbours and the community at large to pick up the slack left by these cutbacks.

If you are in a position to help by giving a little of your time to this just course we would greatly appreciate hearing from you.

How much time you give and when will be entirely your choice. As a Volunteer Driver you'll be paid a mileage allowance of 45p per mile, payable by the person to whom you provide the service. Please remember
